I am experienced in developing the frontend of functional and dynamic web applications using HTML, CSS, JavaScript, Bootstrap and JavaScript framework/library such as Angular or React.js with high sense of UX user experience, responsive design and prompt deliverables of these works. While I can work efficiently independently, I also thrive in a team environment.

IT SKILLS

- HTML
- CSS
- JavaScript
- Angular
- React.js
- Bootstrap
- Git
- Ionic Angular

WORK EXPERIENCE

Sept 2019 – Dec 2019

Aitechma
